# EUROPEAN CHAMPIONSHIPS 2006 LYON, FRANCE

## **Original Dance - Jan 19th, 2006**

Massimo Scali: “We felt really good today. The only thing was that we had a level 2 in the spin and it was supposed to be a level 4. The Latin rhythm is our preferred rhythm, we really like it and we feel good when we are on the ice. We can give as much as possible (with that dance)”.

## **Free Dance - Jan 20th, 2006**

Federica Faiella: (on competing soon at the Olympics in Italy) We just want to skate great and enjoy our public.

Massimo Scali: It was not the night to do twizzles. The rest of the performance felt good. Usually I never make mistakes on the twizzles, but mistakes can happen. At the European Championships (in Torino 2005) it came as a big surprise that the crowd stood behind us so much. I just can't wait to get there”.
